DIY STENCIL Set for MEMBERS

Thank you so much for becoming a channel member!!! I cannot tell you how much your support helps. I understand that typically channel membership is just a way to show even more support to your favorite YouTubers. However, I'm always trying to think of ways to make it worth your while! I hope you enjoy this free download so that you can follow along with all my tutorials without having to purchase all of the Mandala Brainstorm Sets!

This Download includes all of my DIY stencils so that you are completely included in everything I do! I offer this set for sale in my Etsy shop for \$5 so I'm hoping this will at least cover your first month's membership so you can see if you like it without the risk. If you want the Brainstorm pages they are available on my Etsy store but they aren't included in this free download.

If you ever need anything just let me know! I want you to have fun and enjoy some perks as a VIP! Now that you have registered your membership I can reach out to you if I come up with any new perks that you might be interested in. I won't spam you or sell your info... I just want to be able to reach out to you.

Thank you so very much! I really hope you enjoy being a channel member and stay forever! LOVE, JaDeL
